Sub-Committee Reports:

- **Communications** – David Alamia: No updates, everything working well.
- **Planning** – Esteban Garcia: No updates. Matt Trail will be replacing Steve as Emergency Management Coordinator. Steve will be moving on and would like Matt to replace him in the Planning Committee Chair position as well. He has experience and has been in safety at ExxonMobil. There were no objections from the group for him taking on that role as Planning Committee Chair.
- **Emergency Response and Resources** – Vacant position. If anyone is interested please let someone on the Executive Committee know.
- **Public Education and Information** – Connie Tilton – Connie met with David Alamia to discuss how we should move forward with the campaign. They are planning to roll it out this year. Connie is requesting a few LEPC members to step up and work with her on the campaign. Most of the work was done by the intern but she wants a team to discuss how deep and wide we should go with it. The Baytown Fire Department did hire a new Public Education position so she would like to include them in rolling it out as well. Let Connie or Misty know if you're interested in helping out.

Old Business

- David Bierling, a Research Scientist at the Texas A&M Transportation Institute gave a presentation on the new commodity flow study that has finally been approved. David Alamia has been working on trying to get this done through a grant since last year. The project overview is to focus on the main industrial corridors including I-10, SH 99, SH 146 and FM 1405. They plan to start collecting data for the project in the Spring and early Summer.

New Business

- LEPC Expenditure Report – Misty Bridges presented the monthly expenditure report for January. A motion to accept was made by Connie Tilton and seconded by Julie DeTorre. Motion carried.
- Membership Dues – Membership applications and dues will be mailed out this month so keep an eye out for those.

Good and Welfare
