April's meeting minutes were emailed to members before the meeting. The request was made for any corrections/questions/comments.

Motion to accept minutes was made by Wesley Hallof and seconded by Ronnie Wilson. Motion carried.

Sub-Committee Reports:

- **Communications** – David Alamia: The siren system is up and running. Four sites are having communication issues so Goddard will be coming out to evaluate those. Rave Alert is now owned by Motorola. Also, in 2024 the policy was changed in SE Texas to use outdoor warning sirens for severe weather as well as chemical emergencies. There is more education needed to inform the public of the change.
- **Planning** – Wesley Hallof: Spoke about the Safer drill. The drill went excellent and involved many school districts and agencies. There were many lessons learned. Wesley stepped up and facilitated the exercise. They actually had video fee from the school center for the exercise.
- **Emergency Response and Resources** – Not present but they are looking at a new trailer for Hazmat. The FD is hoping to start a drone team in the near future. They are looking for a CIMA member to house a command vehicle.
- **Public Education and Information** – Connie Tilton – Connie helped sponsor the drill and observed, thought it went very well. Also would like to look into ordering more trinkets for giveaways at events.
